Toolkit, Qonnections and a New Certification!

The Academic Program is always on the move bringing you world-class learning content and leading the pack with our efforts to bring data literacy to everyone, globally. Here are some exciting updates from this past quarter:

- **New Data Literacy Certification Now Available**
  Qlik has launched the world’s first Data Literacy Certification, a comprehensive measure of an individual’s proficiency with data literacy skills. These skills include both hard skills like understanding and interpreting data as well as soft skills like creativity, problem-solving and communicating. Take our **FREE Data Literacy Certification** today!

- **New Professor Toolkit Now Available for Download**
  The Qlik Academic program has launched a Professor Toolkit. This handy document provides an overview of all of our program resources as well as links to data sites, demo apps, sample course syllabuses, and more! Check out the toolkit and the amazing resources referenced inside today!

- **Professor Spotlight at Qonnections 2019**
  This year at Qonnections, Qlik had the opportunity to interview one of our program professors, partners and Qlik Luminary, Angelika Klidas. Angelika, a professor at Hoge School van Amsterdam, talks about the importance of Data Literacy and how she educates her students to ensure they reach the workplace with data literacy skills. Listen to her **interview** today!

- **Qlik Academic Program Blog**
  Do you follow our blog? If not, start following the **Academic Program blog** today! Our program leaders share regularly on topics like data analytics, careers, and professor and student stories.

Qlik Sponsors Philadelphia DataFest!
The Qlik Academic Program attended the ASA DataFest this year to assist students using Qlik Sense as their analysis and visualization tool of choice.

DataFest brought in 15 teams consisting of 60 students from 11 local colleges and universities! Winning categories included Best Insight, Best Visualizations, Best Use of External Data, Participants Choice, and Best Data Sleuthing.

Degree Apprenticeships - The new higher education route in the UK

The Academic Program visited Ravensbourne University in London, introducing Qlik to first years studying for a BSc in Digital & Technology Solutions. This unique apprenticeship gives students a combined routine of work and study.

Data Analytics Club inauguration at Anurag Group of Institutions

The Qlik Academic Program was invited to attend the annual event of Anurag Group of Institutions, ‘Aagam 2019’ in Hyderabad, India. The event included the inauguration of the Data Analytics Club. Additionally, some of the students who have earned the Qlik Sense Qualification were recognized.

Upcoming Live Webinars

Access our Live webinars from the Calendar in the Qlik Continuous Classroom. Webinars are hosted by our expert instructors, and are held twice per day - 10:00 and 14:00 in the associated time zone. Can’t attend? Register for the session, and we will send you the recording!

- Mapping tables and their many uses
- Guidelines for visualization choice based on user
